

## Bp Allied Installation Process

The purpose of this guide is to detail how to install a single, standalone copy of Bp Allied for trial purposes.

### Before you install

The Bp Allied trial will only run on Windows 8 or 10 operating systems. Please ensure that your windows updates are up to date.

The **minimum** system requirements for running a Standalone Computer Configuration are:

- 6th Gen or later i5 or i7 Intel Desktop Quad Core Processor or equivalent and above
- 8Gb Ram
- 10Gb Hard Disk Space (SSD Recommended)
- Display size 1024x768 (min)
- Scaling resolution 1.25 or 125% (max)
- Internet Connection required for Email and SMS capabilities

Please refer to our [website](#) for full details on our system requirements for other installation types.

For Mac users please speak to our sales team about a demo of our Fully Hosted option.

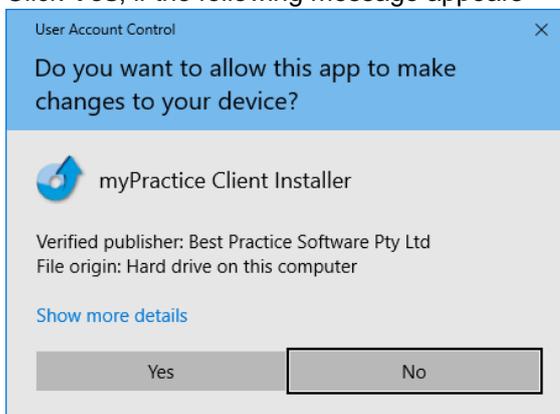

### How to install

After signing up for a trial, there will be an email sent with a link to download your trial.

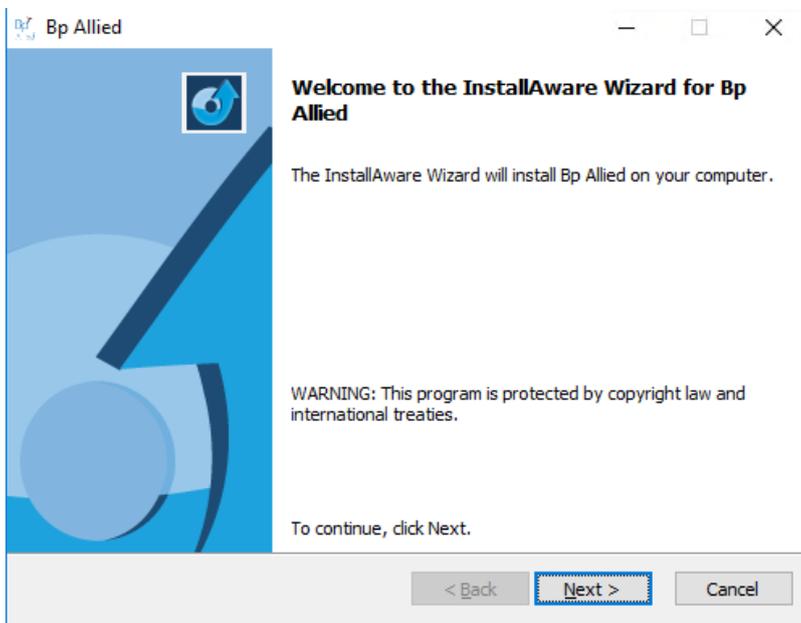

1. Click on the email link to download.
  - a. If you see a dialog box similar to below, click **Save**

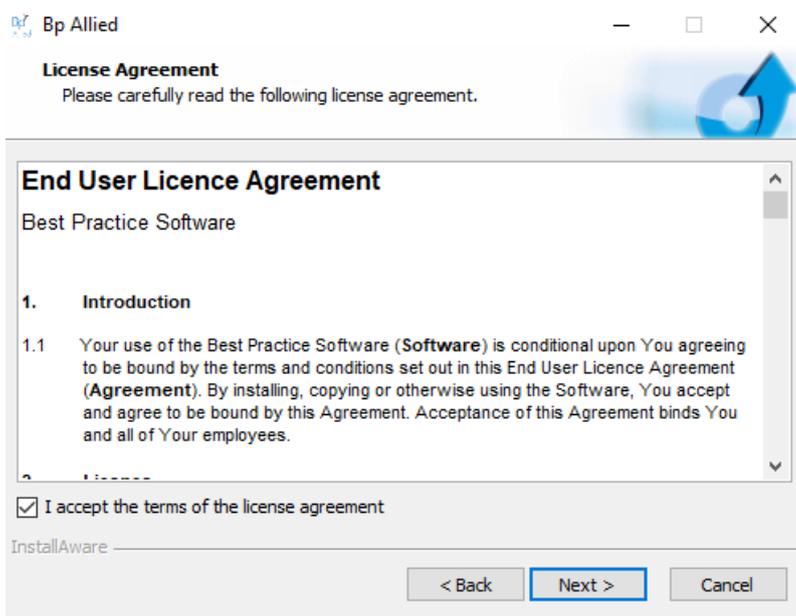

- b. Some internet browsers will just automatically download and save the Bp\_Setup.exe file without asking you to choose to Run or Save.
2. **Bp\_setup.exe** will be saved to your Downloads folder.
  3. Navigate and view your **Downloads** folder
  4. Double click to run **Bp\_Setup.exe**
  5. Click **Yes**, if the following message appears

- The InstallAware Wizard will display
- Click **Next**

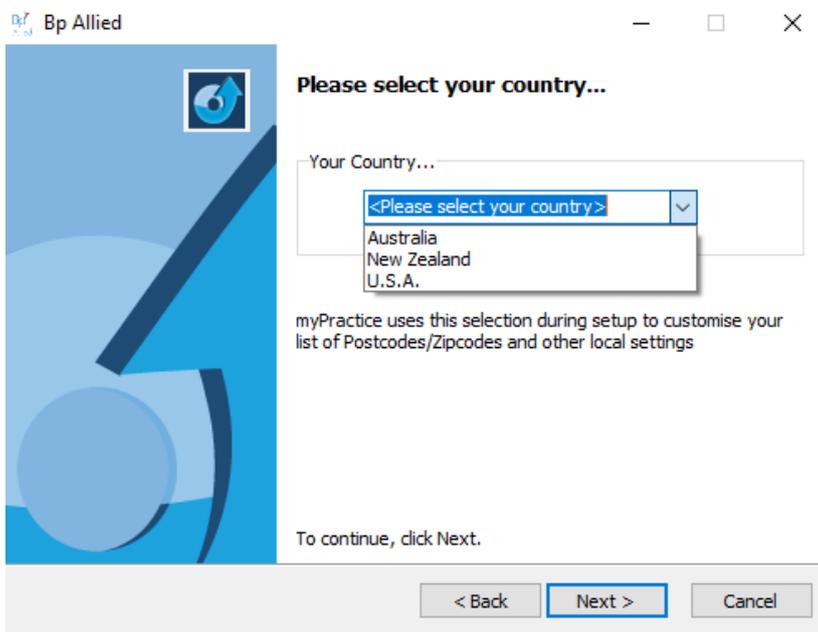

- Check the **I accept the terms of the license agreement** check box
- Click **Next**

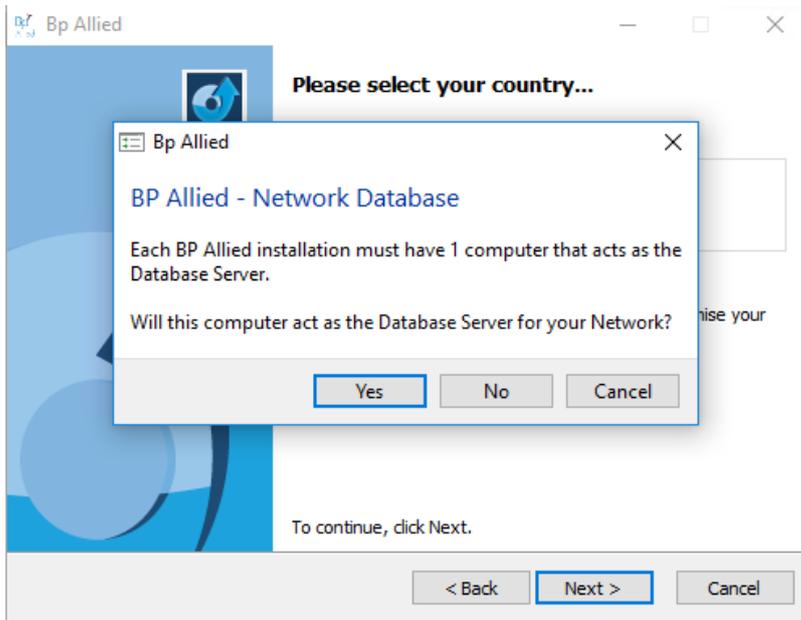

10. Select the **Practice Type** to install
  - a. This can be changed by our support team after installation if required
11. Click **Next**

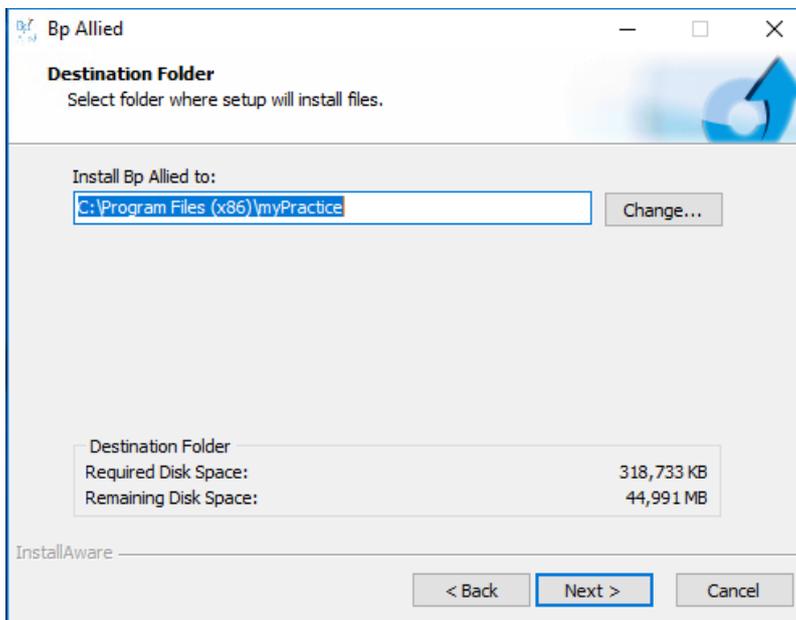

12. Select the **Country** to install for
13. Click **Next**

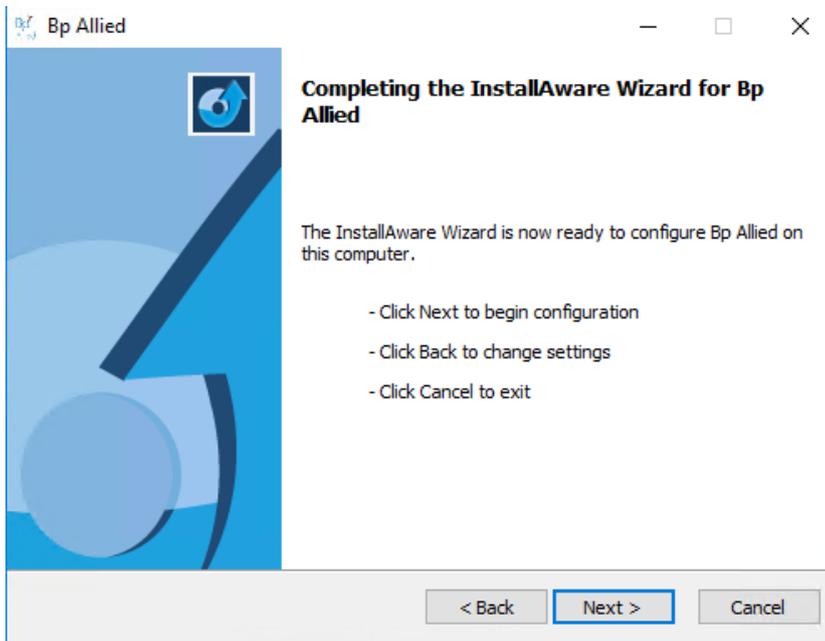

14. Select **Yes**, this computer will act as the Database server for your network
  - a. This database can be shifted to another server/computer if required on purchase

15. Wait while the installer installs Microsoft SQL Server
  - a. This can take a few minutes
  - b. If your computer already has SQL Server installed then it might skip past this part.
16. Click **Next** to install to the default location

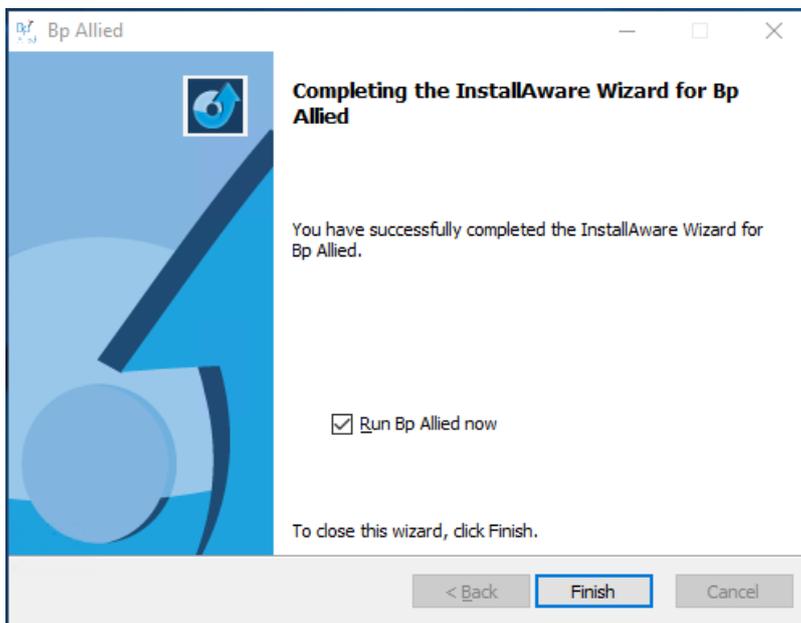

17. Click **Next** to install Bp Allied

18. Wait while the installer installs and configures BpAllied

19. Click **Finish** to Run Bp Allied now and start your trial

20. Bp Allied will load the **Trial Activation** screen
21. Enter in your details to activate your trial
22. Click **Activate**

To Activate your 30 day trial, please fill out this form and click the Activate! button.

Please enter your name...

First Name: Your
